

## **BP**

BP is one of the world's leading international oil and gas companies, with around 80,000 employees and operations in more than 80 countries on six continents. The company's main activities are oil and gas exploration and production, refining, marketing and supply and transportation. BP provides its customers with fuel for transportation, energy for heat and light, retail services and petrochemicals products for everyday items.

BP relationship with the United Arab Emirates can be traced back to the 1930s, when Air BP established a refueling depot in Sharjah to serve the first seaplanes en route from the UK to India and the onshore concession was signed in Abu Dhabi. The UAE is the centre of BP's Regional operations with the refining and marketing team based out of Dubai and the upstream activities from Abu Dhabi managing operations in Abu Dhabi, Sharjah, Oman and Jordan.

In Abu Dhabi, BP operations include joint ventures with ADNOC and shareholdings in Abu Dhabi Marine Operating Company (ADMA), Abu Dhabi Company for Onshore Oil Operators (ADCO), Bunduq Company Limited, Abu Dhabi Gas Liquefaction Limited (ADGAS) and the LNG shipping company (NGSCO).

BP's commitment is to work with resource owners in partnerships of real mutual advantage to provide energy to customers in a safe, sustainable and environmentally responsible way.
