

Six Construct

BESIX, one of the largest construction companies carrying out civil engineering works internationally, has been dedicated to the construction of major building projects in the Middle East through its subsidiary “Six Construct Ltd”. BESIX Group activities cover the entire range of civil engineering works including buildings, industrial plants, harbor and marine works, roads, bridges, sewage systems, the power and desalination plants and sport and leisure related projects.

BESIX is also active in the production of raw materials, facility management, real estate development and concessions. It profiles itself as a multi-services group, from client idea to realization and operation. The Group was founded in 1909 and has grown steadily and impressively ever since.

NV BESIX SA, its biggest subsidiary, is active in practically every field of construction. In addition to the activities of BESIX and its other subsidiaries (Cobelba, Jacques Delens, Socoetra, Vanhout, Wust, Franki Foundations Belgium, BESIX Park, Lux TP, West Construct) in Benelux and France, the Group is active in Europe, North and Central Africa and the Middle East (via Six Construct) and in Central Asia and Australia.

In 2011, the Group achieved revenues of EUR 1.71 billion. BESIX Group has about 18,000 employees active in 17 countries on 4 different continents.
