

Terrazzo Group

Terrazzo Group, established in United Arab Emirates in 1975, commenced operations with trading in building materials under the name of “Trade House”. Over the years, Trade House has established a reputation for being a quality supplier of building materials ranging from Cement and Paint to Steel.

The Group ventured into manufacturing of building materials in the year 1977, starting with Cement Mosaic Tiles. Over the years, it has diversified into Marble and Granite, Pre-Cast Concrete, Glass Reinforced Plastic, Glass Reinforced Concrete, Roto-Moulded Plastic, Pre-Fabricated Housing, Concrete Blocks and Pavers & Cutting and Bending of Steel.

The manufacturing activity is carried out in 10 state-of-the-art Plants spread across Sharjah Industrial Area and in Dubai in Al Quoz, Dubai Investment Park, Dubai Industrial City and Jebel Ali Free Zone. The Group has been involved in supplying to almost all the major projects in the U.A.E including Dubai and Abu Dhabi International Airports, Palm Jumeirah, Burj Khalifa, Mall of Emirates, Saadiyat Island, Yas Island etc.

Besides U.A.E, the Group supplies its products to all the G.C.C. Countries, East African Countries and the Indian sub continent.
