

Homaid Al Shemmari
Executive Director
Mubadala Aerospace, Communications Technology and Defense Services, UAE

As the Executive Director of Mubadala Aerospace, Communications Technology and Defense Services, Homaid Al Shemmari is driving forward the strategic vision and plans for developing key technologically advanced global industries within the UAE, and developing key industries to support the UAE's military in Abu Dhabi.

Homaid is also a member of the Investment Committee at Mubadala which is mandated to develop the organization's investment policies and guidelines and review all proposed projects and investments to ensure they are in line with Mubadala's business objectives.

He holds prominent roles with key aerospace, communications technology and defense companies and organizations; Homaid is the Chairman of Abu Dhabi Aircraft Technologies, Strata, AMMROC, Maximus Air, Abu Dhabi Autonomous Systems Investment and Abu Dhabi Ship Building, and currently holds board positions with Abu Dhabi Aviation, Royal Jet, AerCap and Yahsat.

To further support the strategic advancement of Abu Dhabi's aerospace, communications technology and defense industries, Homaid is committed to developing the talent and experience of U.A.E. Nationals to allow them to become the next generation of skilled professionals and business leaders.

Prior to joining Mubadala, Homaid was a Lieutenant Colonel in the U.A.E. Armed Forces, serving military aviation, maintenance, procurement and logistics. Homaid holds a Bachelor of Science in Aeronautical Engineering from Embry Riddle Aeronautical University in Daytona Beach, U.S.A, and holds a black belt in Six Sigma from General Electric, a highly disciplined leadership program.
