

MR. MOHAMMED SADIYYAH

*Area General Manager/ Partner
Khatib & Alami C.E.C*

Mohammed Sadiyyah completed his bachelor's degree in mechanical engineering from the American University of Beirut before joining what was then called Consolidated Engineering Company in 1972, when the office had around 30 people.

He has since been involved in the design and management of some of the most prestigious projects in and outside the region. He completed his Master's degree during his first few years at the firm, which he says included valuable management courses, and moved to the UAE in 1976, where he was working in supervision. After returning to Beirut for another four years in 1980, he returned to the UAE for good in 1984. He was promoted as director of design for UAE 1987 and became an associate in 1993 and a partner in 2003. His current role encompasses general management of the UAE, Oman, Bahrain, Palestine and he is also the chairman of KA ASA Cairo.
